POWER STEERING FLUID CONDITIONER

01 // OUTSTANDING FEATURES

- Helps prevent squeals and chatter in power-steering systems.
- Helps reduce pump wear and noise.
- Conditions hardened and dry seals and helps prevent internal leaks.
- Compatible with all domestic and most foreign vehicles with power-steering units.
- Ideal for new and used vehicles.

02 // DESCRIPTION

A blend of synthetic base oils, friction modifiers, anti-foam agents and seal conditioners. It is formulated to reduce friction and wear in the power-steering pump, valves, and springs. This multi-functional product also helps eliminate squeals and chatter due to foaming while conditioning seals against drying to help prevent leaks.
