#28042

PRECISE CUT

01 // OUTSTANDING FEATURES

- Removes P1000 grit and finer sanding scratches and surface defects
- Effective on newer, harder to buff clear coats
- Advanced micro abrasive technology for a controlled, consistent cut
- No sticking, no dusting, no film residue
- Extended work cycle reduces rework and pad loading
- **100% body shop safe** // no silicones, fillers or waxes

02 // DESCRIPTION

PRECISE ™ CUT is a micro abrasive compound formulated to effectively remove 1000 grit or finer sand scratches and surface defects. Formulated for longer work times and a wide range of user conditions without sticking, dusting, or film residue left behind. PRECISE ™ CUT is body shop safe and does not contain silicone, wax, or fillers.

03 // SPECIFICATIONS

TEST	ASTM METHOD	TYPICAL RESULTS
Appearance	N/A	**Viscous Liquid**
Color	N/A	**White**
Odor	N/A	**Grape**
Density (g/ml)	D1475	**~9.3**
Viscosity, cPs	N/A	**`31,500**

04 // APPLICATION

Directions: For use with a DA polisher or rotary buffer. Apply product directly to a cool surface working a small area at a time approximately 2’ x 2’. Work product until it is almost dry. Wipe off excess material with a clean microfiber towel. Repeat process until desired results are achieved. Formulated to be used with wool pads or foams pads. DA Orbitals - use 70300 wool or 70325 foam cutting pads
