ODOR TREATMENT

#1050 **A/C ODOR TREATMENT**

01 // ABOUT

MOC® A/C Odor Treatment is a special blend of odor neutralizers that quickly eliminates odor-producing organisms that grow in the evaporator core and housing of air-conditioner systems. By cleansing the system, problems such as breathing discomfort and eye irritations may be avoided when the occupant turns on the air-conditioner. It is not just for A/C odors; it works equally well to control odors in the heating system during cold seasons.

02 // PRODUCT BENEFITS

- **Immediately attacks odors on contact**
- **Easy application: Saves time**
- **Odors are eliminated, not masked.**
- **Non-ozone depleting: Contains no CFCs**
