MOTOR-OIL SUPPLEMENT

01 // OUTSTANDING FEATURES

- Improves Performance.
- Reduces Friction.
- Helps Keep Engines Clean.
- Compatible with all types of internal-combustion engines.

02 // DESCRIPTION

Scientifically formulated to increase performance by reducing friction and wear. MOC® Motor-Oil Supplement contains dispersants and detergents to help prevent sludge buildup and oxidation breakdown. The product lubricates internal parts to create a low-friction surface. This reduction in friction can protect new engines during break-in and start-ups. It may be used in all internal-combustion engines, including rotary and diesel.
