OPTIMIZE EFFICIENCY

#0437 CAT & O2 SENSOR CLEANER

01 // ABOUT

Formulated to effectively remove oil deposits and unburned fuel particles from the catalytic convertor and oxygen sensor. Over time, soot and carbon deposits can build-up in the exhaust system increasing fuel consumption & harmful emissions.

Add MOC's CAT Convertor & O2 Sensor Cleaner to a full fuel tank of fuel to optimize the efficiency of your engine today.

02 // PRODUCT BENEFITS

- **Can Improve Engine Performance**
- **Helps Keep Oxygen Sensor Clean**
- **Can Reduce Harmful Emissions**
- **Can Restore Fuel Efficiency & Engine Performance**
