RESTORE ATOMIZATION

#0448 DIRECT GDI FUEL-INJECTOR CLEANER

01 // ABOUT

Given the growing popularity of GDI (Gasoline Direct Injection) technology and the need for accurate pressure and fuel spray patterns.

GDI Fuel Injector Cleaner is formulated to quickly dissolve stubborn fuel deposits that restrict fuel flow. GDI Fuel Injector Cleaner restores fuel spray patterns, proper fuel atomization, engine efficiency and will not harm fuel system components.

02 // PRODUCT BENEFITS

- **Designed for all GDI systems**
- **Cleans injector passageways and nozzle**
- **Helps reduce emissions**
- **Can help improve driveability**
