#1049 WHITE LITHIUM GREASE

01 // ABOUT

This heavy-duty product clings to gears, open bearings and sliding metal-to-metal surfaces while providing superior lubricity and anti-rust barriers. White lithium grease is long-lasting and will not run, wash off, or freeze.

AUTOMOTIVE USES: lubricates doors, hood, trunk latches and hinges, gear shift mechanisms, speedometer cables, distributor cams, seat tracks, battery terminals, and retracting antennas. SHOP USES: lubricates doors channels, fans, machinery, pulleys, and industrial equipment.

02 // PRODUCT BENEFITS

- **Convenient “No-Drip” formula clings to surfaces.**
- **Long-lasting, heat, and water-resistant formula. Working Temperature (0°F to 300°F).**
- **Prevents rust and corrosion.**
