Density, U.S. (lbs/gal) @ 77°F	D1475	**~9.5**
% Solids	E1868	**~ 35**
Brookfield Viscosity,CP	N/A	**30,000**
Body Shop Safe	N/A	**No**
VOC Compliant	N/A	**No**
Biodegradable	N/A	**No**

04 // APPLICATION

Shake before using.

1. Surface should be dry and clean.
2. Apply a generous amount of Metal Brite® to a clean cloth or towel.
3. Rub polish onto metal surface (black residue is a normal sign of deep cleaning) and continue rubbing until surface is clean.
4. Buff off residue with a second clean cloth or towel.
5. Continue to buff until glossy surface appears. Note : Not recommended for anodized or thinly plated metal surfaces.
