SWIRL REMOVAL

#28052 PRECISE CLEAN

01 // ABOUT

Designed to refine compounding marks while further removing light defects, Precise™ Clean bridges the gap between restoring and finishing. 100% body shop safe: no silicones, fillers or waxes

02 // PERFORMANCE BENEFITS

- **Removes compound haze, swirl marks and holograms**
- **Eliminates P2000 grit and finer sanding scratches**
- **Targets light oxidation and surface imperfections**
- **Controlled abrasive breakdown for smooth, uniform results**
- **No dusting, no sticking, extended work time**
- **DA Orbitals - use 70336 MF cut / polish or 70326 foam polish pads**
