RESTORE POWER

#0145 ADVANCED DIESEL TREATMENT

01 // ABOUT

An all-weather diesel additive that cleans fuel injectors, increases cetane, and lubricates critical components to protect against wear. Its cold-weather formula prevents wax and fuel gelling while restoring horsepower, improving fuel economy, and reducing smoke and engine knock in light and heavy-duty diesel engines.

02 // PRODUCT BENEFITS

- **All-weather formula.**
- **Protects against corrosion.**
- **Helps reduce exhaust smoke and diesel knock.**
- **Compatible with all types of exhaust emissions systems, including diesel particulate filters (DPF).**
