SUPERIOR PROTECTION

#0414 GEAR GUARD SAE 75W-90

01 // ABOUT

A multi-grade synthetic (polyalphaolefin), A.P.I. GL-5 rated, hypoid gear oil formulated to SAE 75W-90 viscosity. A versatile extreme-pressure lubricant designed for use in conventional differentials, limited-slip differentials, and manual transmissions. Can be used in place of SAE 75W-85, SAE 80W-90, or SAE 90 gear oils.

02 // PRODUCT BENEFITS

- **Superior lubrication and protection for bearings and gears.**
- **Helps prevent wear, pitting and corrosion under high-load conditions.**
- **Excellent fluidity in extreme temperatures.**
- **Reduces gear noise and increases driveline efficiency.**
- **Meets stringent industry standards, including API GL-5, MT-1 and SAE J2360 specs.**
