#2110

MAGNA SEAL

01 // OUTSTANDING FEATURES

- Two liquid ounces can do an entire car.
- Dries very quickly and is easily removed without streaks, leaving an outstanding gloss and protection.
- This product leaves "little-to-no" powder.

Performance ratings // Abrasiveness 2 // Gloss 8 // Durability 6

02 // DESCRIPTION

A water-thin, one-step liquid wax. It is off-white in color and must be shaken before use, as it will separate on standing. Magna Seal TM has a slight solvent odor. This product can be used on clearcoat and conventional paints, as a one-step liquid wax, to clean, polish and protect.

03 // SPECIFICATIONS

TEST	ASTM METHOD	TYPICAL RESULTS
Appearance	N/A	**Low Viscosity Liquid**
Color	N/A	**Off-White**
Odor	N/A	**Slight Solvent**
Density, U.S. (lbs/gal) @ 68°F	D1475	**~ 8.10**
