02 // DESCRIPTION

A special, water-based, concentrated dressing for use in places where silicone is undesirable. This product is designed for use in body shops, on trim, vinyl, and rubber.

03 // APPLICATION

Make sure tires or trim are clean and dry before applying product.

1. Apply product with a trigger sprayer, sponge, or brush until there is complete coverage.
2. Allow product to dry and wipe away excess with a clean towel (to prevent "sling"). Important! Excess product and improper application of dressings on tires may result in product “sling” or splatter which can stain adjacent painted surfaces of a vehicle.
